

JAV Trainstop renamed JAH Mk5

5 March 2020

TP00011

Issue 1.0

1 Applicability

This applies to the JAV Trainstops, part numbers 390102001 (NSW) and 390102101 (VIC).

2 Information

The JAV Trainstop has the same fit and function as the current JAH (Mk4) Trainstop, but includes features to improve resilience to damage, and simplify installation and maintenance.

The JAV name was used during the development phase of this product. At product release the JAV has been renamed to JAH Mk5 to be consistent with previous version of the hydraulic trainstop.

There is no change in functionality or components, and the part numbers are still the same.

3 What do I need to do?

There is no need to do anything. This bulletin is just to inform you that the name of the product has changed.
